

Detroit Academy of Arts and Sciences School District

Technology Acceptable Student Use Policy

Detroit Academy of Arts and Sciences School District is fortunate to have laptops, computers, and iPads available to students. The DAAS Administration considers technological tools to be valuable learning tools when used as educational resources to support the district's curriculum and academic achievement. All students are responsible for using technology tools in an appropriate manner.

Students Will:

1. Use the school's technology equipment only for school related educational activities
2. Use the Internet only for activities related to curriculum expectations
3. Adhere to copyright laws
4. Transmit material that is in compliance of local, state or federal laws, and/or DAAS regulations
5. Use only *personal* user IDs or passwords, refrain from sharing those or using another student's ID or password
6. Access only files, computers and settings to which they have been granted access by an authorized staff member
7. Use external storage devices only with staff approval
8. Store or use files or applications that are school related only (No personal music, browsers, images, games, etc.)
9. Use only school approved software in compliance with licensing agreements
10. Avoid monopolizing systems, overloading networks and printing excessive materials
11. Adhere to class specific guidelines as outlined by individual teachers
12. Not access the school network with a personal computer or other device (unless given permission)
13. Refrain from utilizing social media sites such as Facebook, Twitter, Instagram, etc. without permission
14. Handle technology tools with care
15. Adhere to the school's code of conduct at all times while utilizing technology tools

The use of the information system is a privilege, not a right, and inappropriate use will result in cancellation of those privileges.

The use of a student's assigned account must be in support of education and educational goals and objectives of the Detroit Academy of Arts and Sciences School District. The student is personally responsible for this provision at all times when using the school's technology devices and network. The student understands and will abide by the provisions and conditions of this contract. The student understands that any violations of the above provisions may result in disciplinary action, the revoking of his/her user account and appropriate legal action.

As a parent or legal guardian of the minor student above, I grant permission for the student to access the networked computer services such as the Internet. I understand that some materials on the Internet may be objectionable, but I accept the responsibility for providing guidance to the above student on the Internet safety both inside and outside of the school setting, and for conveying standards for the above student to follow when selecting, sharing, or exploring information and media. I understand that I will be financially responsible if my child damages or destroys any of the school district's equipment.
