February 22, 2021

Dear Parents and Scholars,

We are happy to announce that DAAS plans to offer a Face to Face option beginning March 15, 2021. So parents will have the option to continue with 100% Virtual learning for their scholars or participate in our Hybrid Face to Face program.

The Hybrid Face to Face program will allow scholars to attend classes at DAAS with their teachers providing in person instruction. We plan to start out with 2 days a week (Monday & Tuesday) with Face to Face instruction at the school and the rest of the week will be virtual from home or Learning Pods at DAAS for those currently signed up. The goal is to build up to 4 days a week Face to Face by May.

In order to participate in the Face to Face program, we need you to complete the survey. (See link below) This survey will reserve your spot and allow us to determine our Transportation needs. **Note that only parents who plan to sign up for Face to Face need to complete this survey.**

Thanks to all of you for your cooperation and commitment in making this a successful school year under challenging circumstances. Both our In Person Pod learners and our At Home Virtual Learners have been great in following guidelines and adapting to new environments, while maintaining a rigorous, serious approach to academic achievement.

Lastly, we ask that you ensure that your scholars are attending all of their classes and completing their assignments. It is very important that they maintain a consistent school schedule and continue to grow academically.

Thank you for your cooperation in helping to keep our school community safe and productive for our scholars!

Educationally Yours,

Maurice G. Morton
